## Curative Skin Soap

We perspire a pint a day without knowing it; ought to. If not, there's trouble ahead. The obstructed skin becomes sallow or breaks out in pimples. The trouble goes deeper, but this is trouble enough.

If you use Curative Skin Soap, no matter how often, the skin is clean and soft and open and clear.

Don't use any other but Curative Skin Soap on the baby if you want its skin kept free from blemishes which torment the little ones. There's no doubt about its being the best and purest medicinal soap. Try it.

## J. T. WATERHOUSE

An inspector of food is needed in establishments where fresh goods are not always found. No one but a dealer in inferior stuff would object to it for the reason that men who make a point of buying the best goods at figures within the reach of the average breadwinner sell them so quickly that there is no danger of their spoiling.

We are making a specialty of groceries, good groceries which we buy and sell cheap. Care in the selection of them, no job lots left on the hands of jobbers, but good clean clear cut goods suitable for the best class of people, but which we sell at prices within the reach of every one. Our reputation for selling Dry Goods cheap extends from Niihau to Hawaii; it will be no greater than the record we intend making for selling groceries cheap. Our stock comprises: Teas, Coffees, Syrups, Honey, Jellies, Cross & Blackwell's Jams, Sago, Tapioca, Saloon Bread, Fish in tins, Salt Pork in tins for family use, and the best varieties of cheese.

Our stock is new and new goods are received by every steamer.
